101,999-100,000	= 93% (22 points)
99,999 and under	= 90% (21 points)

BONUS POINTS
FOR PLACING IN COMPETION

FINAL REVIEW:

- 1)-Describe how you think your group did during this simulation from start to finish-explain why using your stock strategy guide.
- 2)-Do you think you know more about the market now compared to the start-explain why/why not in detail?
- 3)-Did your strategy work (explain your strategy clearly and fully...use your strategy guide)? What would you do different next time?
- 4)How would you grade your partner(s) ...explain why based on what each person did 10 points per person?
- 5) Would you have been better off investing your money another way? **Explain why/why not using all three of the benchmarks!!!** (S&P 500, Saving's Account, and 3 Month CD)
